HEART. HONOUR. VALUE.

WELCOME TO WAZA

A place where every jar feels like the beginning of a story. The air shifts, the aromas rise, and what looks simple quickly turns into something unexpected.

We don't grow cannabis to copy what's been done. We grow it to create moments that stand out, like sparks in the dark.

Our flowers are small batch, never treated, always fresh. Each release carries new genetics, new flavors, and a promise that no two drops will ever feel the same. It's the kind of consistency that comes from refusing shortcuts, and the kind of surprise that keeps you curious.

Waza is more than cannabis. It's a reminder not to take life too seriously. Light it, laugh at how good it is, and then try explaining it to your friends without sounding dramatic. Good luck with that.

UNLEASH THE STORM IN OUR FLOWERS

The storm is building. You can feel it before you see it, a charge in the air that refuses to stay quiet. Thunder Harvest marks the shift, the moment when calm breaks and the real energy begins.

This is not just an introduction. It is the signal that everything ahead will hit louder, taste sharper, and stay longer than you expect. It is the gateway to our flowers, each one carrying its own spark of the storm.

Take a breath, because once you turn the page there's no slowing down. And if you thought this was going to be gentle, well... that's on you.

- A high that builds like a spark before the strike.

Mini Shinken proof that size doesn't matter...
unless we're talking about the size of the hit.

ORANGE SLUSHIE

FLOWER

FORMAT | 7g

THC | 26 - 31%

CBD | 0 -5%

STRAIN | Orange Slushie

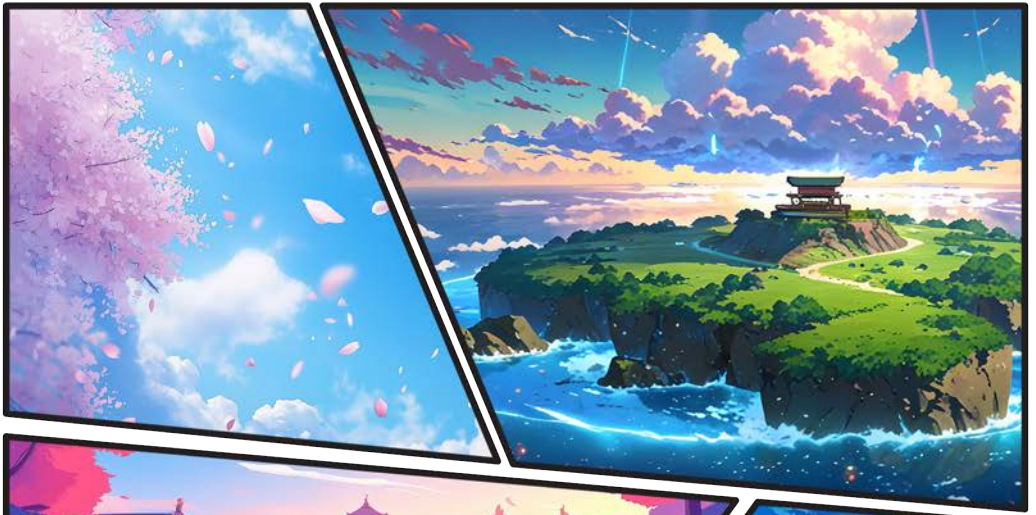

GENETICS | Mimosa Evo x Blue Slushie

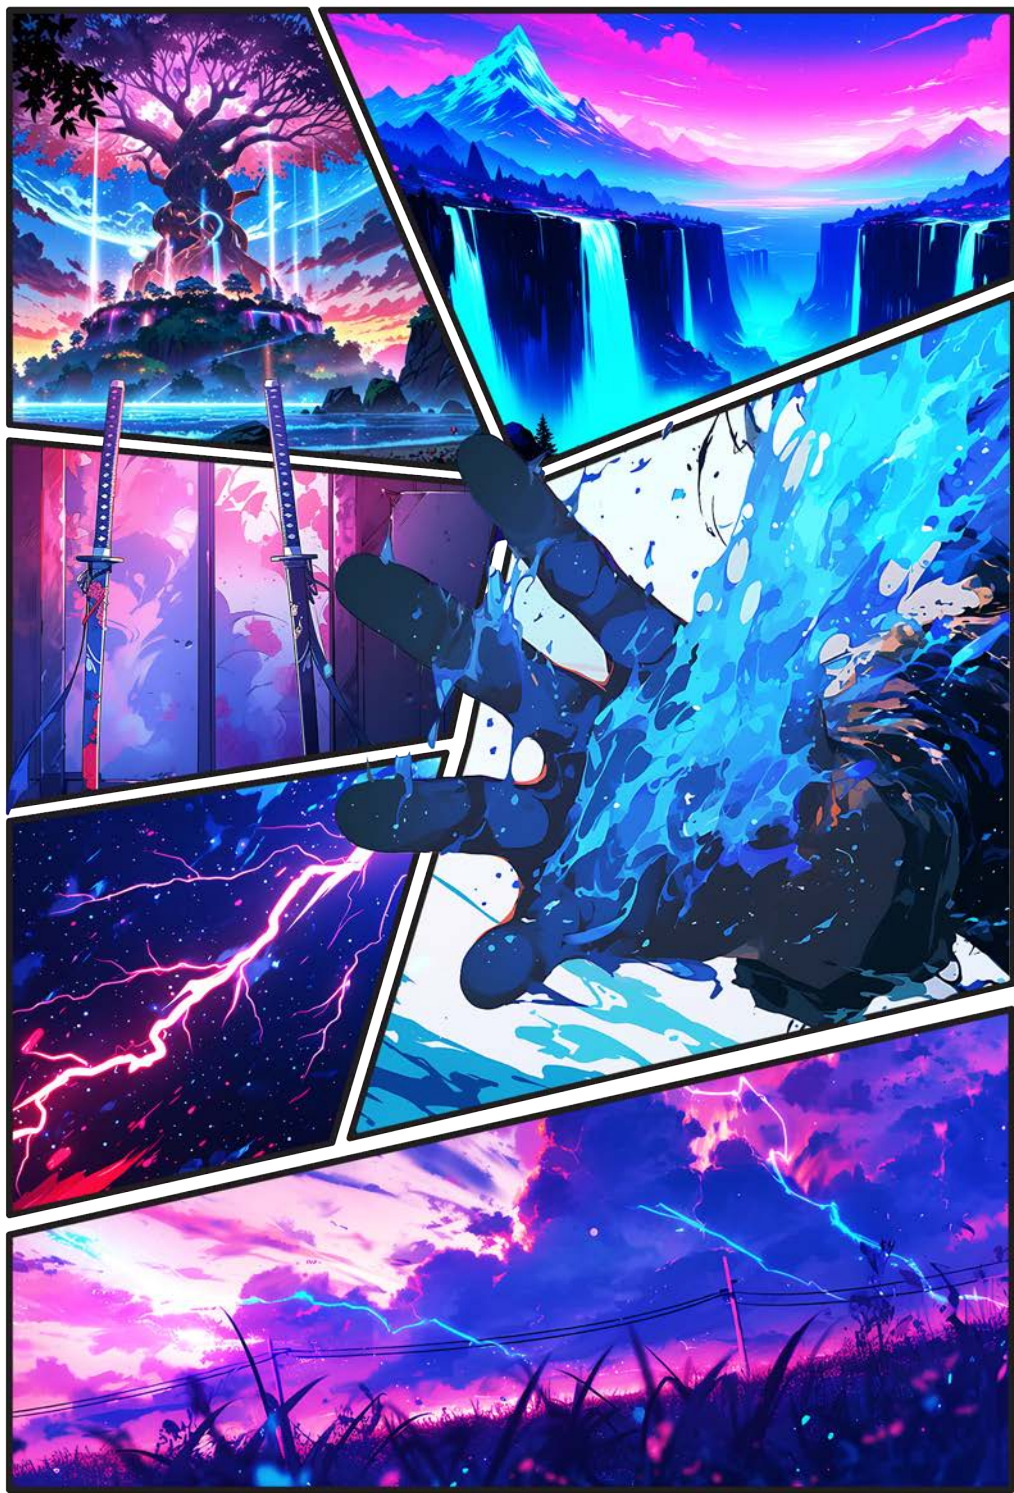

Some strains whisper. Orange Slushie doesn't. It crashes in with a citrus spark so bright it feels like a sunrise in a jar, then rolls into sweet berry undertones that refuse to play background. The finish stays smooth, leaving you grinning like you just got away with something.

- A terpene trio of limonene, myrcene, and linalool blending energy, calm, and flavor.
- A high that climbs faster than you expected and refuses to let go.
- Sweet undertones hiding in the chaos, waiting to surprise you.
- Buds bold enough to turn calm into celebration.

Orange Slushie is the closest thing to summer in a jar, brain freeze not included.

LEGENDS KEEP MOVING

Not every storm fits in a jar. Some demand to move, to spark, to be shared. Waza prerolls were made for the moments when waiting isn't an option and the fire needs to start now.

This is not a backup plan. This is the strike in your hand, ready the second you want it. Smooth pulls, bold energy, and balance that keeps the session alive from start to finish.

You could sit here... but legends keep moving. Flip the page and catch the spark.
